A Tribute to Flowers

From mid-October 2019 to early January 2020, Richard Fischers floral photography will be presented in the Netherlands for the first time. The exhibition will be shown at the Flower Art Museum in Aalsmeer, which opened its doors last year. Aalsmeer is home to the worlds largest flower auction and therefore is known as the flower capital of Europe. As a highlight, the entire museum will be made available for this exhibition, showing more than fifty spectacular Fine Art Prints.
